

**MANAGEMENT DEVELOPMENT PROGRAMME**

on

**“ Workshop on Insolvency & Bankruptcy Code ( IBC) for  
Stressed Asset Resolution ”**

**About the Program**

This one Day Program being organized jointly by SIES College of Management Studies and BQ Global exclusively for Legal officers and Insolvency professionals from banking Sector

Ever since the Reserve Bank of India has initiated asset quality asset review with Individual Banks in 2015, the banks have witnessed spurt in the NPA portfolio calling for remedial action on war footing.

The ineffectiveness of number of debt restructuring schemes announced by RBI to help the banks grappling with NPAs has hastened the process of enacting the insolvency & bankruptcy code ( IBC) in the year 2016. Since then, many accounts have been referred to National Company Law tribunal ( NCLT) for resolution by the banks. The reluctance of the banks to resort to IBC on their own stems from lack of awareness about the newly enacted Code and it's positive impact on the NPA resolution process.

This Workshop is designed by BQ Global addresses this knowledge gap so that the Banks can make the effective use of the new enactment in tackling the problem of their stressed assets .

**Program Objectives:**

- To Acquire Knowledge of Insolvency & Bankruptcy Code ( IBC)
- To Understand the role of CIRP and the Liquidation process
- Understand the role of IBBI, NCLT / NCLAT, COC and Various Service providers
- Use of the Code for resolutions of NPAs

**Program Contents :**

- I. The ECO-System of IBC
- II. Corporate Insolvency Resolution Process
- III. Liquidation Process &
- IV. Cases Studies
