### Following major points were discussed:

Dr.Suhas Tambe the chairperson of the IQAC welcomed all the members.

The minutes of the previous meeting were read and confirmed.

A review of the last year initiatives of IQAC was done.

**Rubric:** Dr.Tambe informed the members that IQAC after several internal meetings have come out with the rubric assessment formats. After discussion it was decided that the final exposure draft of formats etc. for various segments will be placed at the Faculty meeting.

**Campus to Corporate Program:** The program on campus to corporate has been satisfactorily implemented and has improved the employability of the students, placement performance as well as conversion.

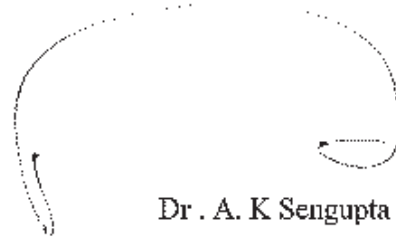

**Summative Viva:** Feedback from the corporate as well as faculty revealed that the management students need to have a better **holistic and inter-disciplinary** understanding of theory and its application.

For addressing the above need a concept of Summative Viva is proposed to be introduced as a full credit course (100marks) at the end of each semester for assessing the understanding and its interrelationship of subjects taught in the semester. The Summative Viva shall be for about 30 minutes for each student to be conducted by 2 or more faculty members drawn from different specializations.

Prof.Swati brought to the notice of all members that the complaint register is not readily available for faculty members in the library and therefore it was suggested that Ms Pallavi Jadhav will be responsible for maintaining and making it available for staff and students.
